

Environmental, Health and Safety Policy

Marvell is committed to protecting the environment and maintaining a safe and healthy workplace through continual improvements in our operations, products and services.

Marvell commits to:

- Prevent or reduce pollution to the environment through programs that reduce environmental impacts and conserve natural resources.
- Understand and comply with applicable legal and other requirements.
- Establish environmental management systems to meet changing business and regulatory needs
- Regularly communicate our environmental performance to stakeholders
- Protect the health and safety of all individuals affected by our activities, including our employees and contractors, and identify opportunities to reduce workplace hazards and risks.
- Require environmental, health and safety responsibility from its employees, suppliers, vendors, and sub-contractors.

For more information on Marvell's environmental, health and safety initiatives, please visit the Environment, Social, and Governance (ESG) pages at marvell.com/company/esg.html.
